**The Fisherrow Waterfront Group brings together local residents, harbour users and other stakeholders to improve the appearance, appeal and accessibility of the area so that it can be better enjoyed by the whole community.**

It was formed after public consultation in May 2011 showed that there was significant community interest in developing the potential of the waterfront - the backsands, the harbour, the promenade and to the mouth of the Esk.

In June 2012 the working group became officially constituted as the Fisherrow Waterfront Group and was accepted on to the register of Scottish Charities in January 2013. The group's whose charitable purposes include:-

1. To advance citizenship and community development by encouraging increased public use of the Fisherrow Waterfront for recreational and social purposes; promoting the awareness of the Fisherrow Waterfront as a community asset; and fostering opportunities for the community to participate in shaping and managing the area.
2. To advance public participation in sport by seeking to maximise opportunities for organised and informal sports and active lifestyles in relation to the beach and the sea at Fisherrow.
3. To advance environmental protection and improvement by working with other interested parties to secure physical improvements to the natural environment at Fisherrow Harbour and the waterfront, and the most effective management of the waterfront space that meets the various local needs
4. To advance the arts, heritage, culture or science by supporting and enabling projects that protect and enhance the statutorily listed Fisherrow Harbour, contribute to the regeneration and development of the area and improve the setting of the historic Harbour.
